Not sure what to study - talk to "Nav"

Help students find their future

Quick to set up and easy to integrate: we'll gather your course info and documents, and you simply add the assistant to your site. Ready to guide students right away.

Here's to the future of student comms!

The CourseNav Team,

Increase Enrolment

Enable students to navigate your course catalogue and college information to find their exact match.

Reduce Costs

Replace call centre costs and admin expenses by providing immediate, real-time, automated assistance.

Improve Retention

Reduce churn - with students finding their ideal course, they'll stick around much longer!

Transform Comms

Engage with prospective students in a conversational manner, whenever and wherever they choose.
