WHY YOUR SCHOOL/TRUST NEEDS FUTURES READINESS!

Distilling what matters in AI

Futures Readiness delivers concise accessible content, helping educators and students keep pace with AI's rapid evolution and real-world impact.

Educator-Led

Futures Readiness is **thoughtfully curated by experienced teachers** and AI in Education leaders - not algorithms!

Developing Critical Thinkers

Every Futures Readiness resource develops critical thinking through **reasoned debate** on the value and impact of **rapidly advancing technologies**.

Human Flourishing

Futures Readiness places human flourishing at the centre, helping students imagine **meaningful, purpose-driven lives** as technology transforms society.

NEET prevention

Futures Readiness **reduces NEET risk** by helping students understand the evolving world of work, identify **meaningful opportunities** and capitalise on an increasingly AI-powered future.

Promotes Well-Being

Futures Readiness **supports student and staff well-being** by helping them make sense of rapid change, reduce uncertainty, and **build a sense of optimism about the future**.

Free Trial

See the impact for yourself! Sign up today for three weeks of complimentary resources, designed to support your entire school community.
