

The Value of Practitioner Research:

Creative Arts Education

Helen Waldram-Tingling

Research Topic:

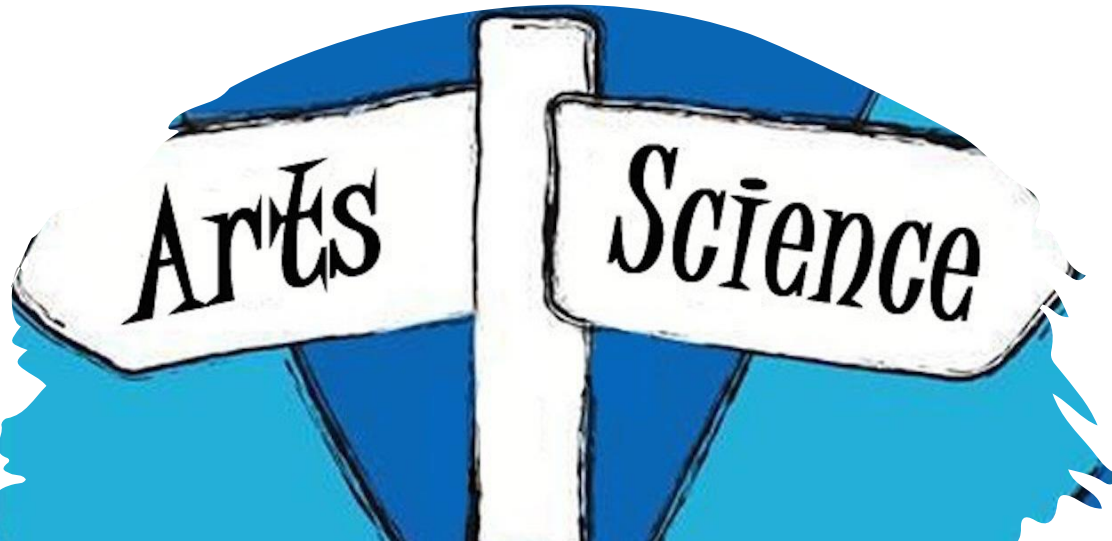

The effect a reduction in the delivery of art subjects in secondary schools has had on the belief that a career in creative industries is viable post-16.

Educational policy

Lived experience

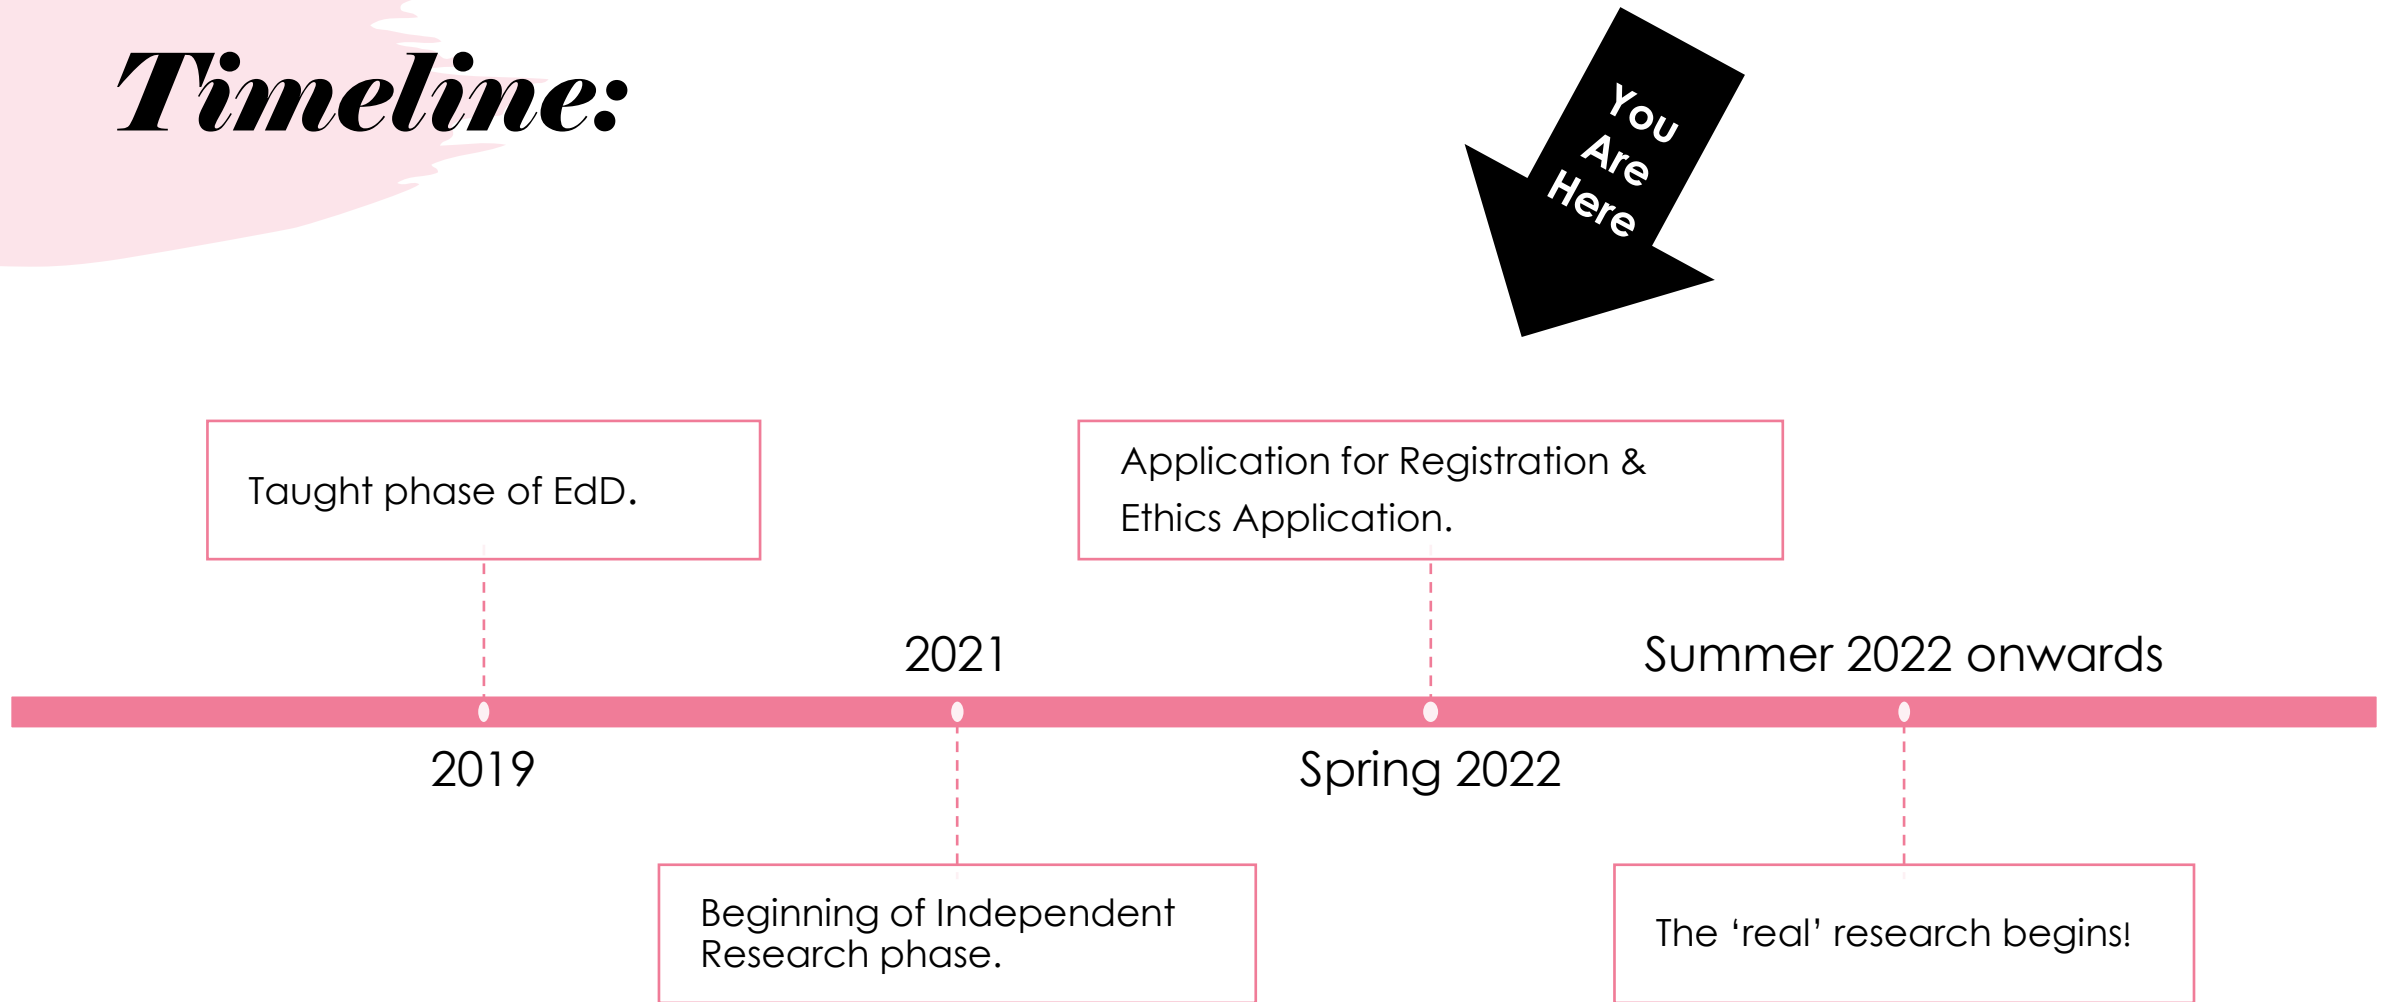

Cultural Capital

Motivation:

Where is the freedom to explore, experience and develop our skill set to the best of our ability?

Timeline:

Impact on Practice:

Impact to date:

- Curiosity
- Reflection
- Practise Sharing

Potential future impact:

- Peer relations
- Adviser-Student-Researcher
- Grass-roots/practitioner action
